GRAPHIC & WEB DESIGNER

I have over 7 years of work experience as a freelance designer and I have worked with several clients from different industries in India and overseas. I am a dedicated graphic designer who transforms ideas into captivating visual narratives. Guided by a relentless pursuit of perfection, I harmonize colour, typography, and imagery to craft designs that not only resonate but also communicate effectively. With a solid foundation in design principles and a flair for innovation, I thrive on solving complex challenges, distilling them into elegant solutions that evoke emotions and leave a lasting impact.
